ADDITIONAL INFORMATION SUPPORTING njd (e.g., paragraph 1 site conditions; paragraphs 2-3 rationale used to determine NJD, including information reviewed to assess potential navigation or interstate commerce connections; and paragraph 4 site information on waters of the U.S. occurring onsite):

A Wetland Delineation was received by Cedarburg Science on 11/24/2006 for Corps concurrence and Jurisdictional Determination. After reviewing Topographic Maps, USDA Soil Surveys, NRCS Wetland Inventory, Aerial Photographs, Site Photographs and SEWRPC Environmental Corridor Maps the Corps have found that this wetland complex is isolated. The wetland is not being used for interstate commerce. Because of this the Corps has No Jurisdiction over the mentioned wetland.
